Pointers for Corrections!

- 1. Home Page -
- As mentioned in the updated website content sheet, the textual content to be used here is only the below and remove the 3 horizontal scrolls added at the moment -

"Unleash your brand's true narrative power with our "Geekery"!" -

Add the black transparent layer below the text as shown in the reference.

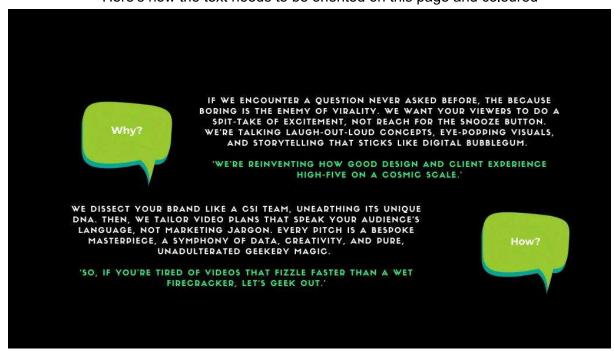

Font Color - #1aff88, Font Style - Sifonn (from canva), Orientation - Bold, Font Size - 15 (from canva) - NO CHANGES TO TOP BANNER WITH LOGO AND PAGE BUTTONS

Reference Video: https://youtu.be/ofwihZT-KMU

- 2. Home Page (Extended) -
- Add a full stop (.) after the word journey

Where research meets creativity! Armed with service and be expertise, we craft impactful videos, ensuring a delightful of experience and a unique project journey

- Clicking on the "Let's Connect!" button should redirect to the contact form and hovering animation reference - https://tympanus.net/Development/CreativeButtons/ the last option in the blue buttons panel.
- 3. About Page -
 - Here's how the text needs to be oriented on this page and coloured

- Add quotes ("") to the word geekery, - The sentence should appear like this - What's with the 'Geekery'? -

What's with the Geekery?

 For the text next to 'WHY' - it needs to be exactly what i have given in the revised content sheet, remove the extra line at the beginning.

If we encounter a question never asked before, the Because boring is the enemy of virality. We want your viewers to do a spit-take of excitement, not reach for the snooze button. We're talking laugh-out-loud concepts, eve-

The text should only be - Because boring is the enemy of virality. We want your viewers to do a spit-take of excitement, not reach for the snooze button. We're talking laugh-out-loud concepts, eye-popping visuals, and storytelling that sticks like digital bubblegum. We're reinventing how good design and client experience high-five on a cosmic scale. -

- For the text next to 'HOW' - add a space between 'We' and 'dissect'.

Wedissect your brand like a CSI team, unearthing its unique tailor video plans that speak your audience's language, not jargon. Every pitch is a bespoke masterpiece, a symphony creativity, and pure, unadulterated Geekery magic. So, if you videos that fizzle faster than a wet firecracker, let's geek or

- 4. Services Page -
- Only keep the first letter uppercase and rest lowercase in each word, so the text will appear like this 'Geekery' Services Suite -
- Reprove the words 'Video Production' & shift the green underline to 'Geekery' Services Suite
- Remove the entire 'Photoshoot' section completely
- The text below each icon for the services should be always present irrespective of hover or no hover. This text needs to be in Font Color #1aff88 & Font Style Sifonn (from canva)
- For the icons use the exact same icons as used in the reference website given in the exact same color.
- Hover animation reference for icons https://codepen.io/tonifuzi/pen/qLyKJV

5. Contact Page -

- Remove this line Looking to work with us instead, send us an email to connect@geekeryvideoproductions.com
- Remove the green graphic on the left
- Refer the below image to understand placements

Name *		
First	Last	
Email *		Lets Talk
Comment or Message		
The state of the s		

- The animation on the 'Let's Talk!' button after the contact form is filled and clicking button to submit it, this is the animation needed https://tympanus.net/Development/CreativeButtons/ green panel, submit form button
- As given in the updated website content sheet the below line is missing after the contact form 'P.S. We also make a mean cup of coffee. Just sayin'.

6. Footer -

- Remove the buttons Faqs, Film Production, Terms & Conditions, Privacy Policy, About.
- Change all the purple color in the text and icons to this color #6fcbeb
- The social media icons hover effects colors are ok and do not change them, change the purple color that is without hover to the this color #6fcbeb
